2 Introduction

'epay by link' is Euronet Merchant Services's innovative epay eCommerce solution that enables merchants to accept payments online across the full range of services.

Via 'epay by link', users of the service can collect payments from customers using the pay-by-link solution to email customers a payment link to request for payment for the purchase of a product.

Benefits of 'epay by link'

- ✓ Remove the human factor from MO/TO type transactions.
- ✓ Remove risk of lost credit or debit card forms.
- ✓ Effective payment collection, without card presence or the need to send its details.

Contact Us epaybylink@pds.gr  English 

3 System Requirements

Hardware

Device with internet access (PC, Mac, smart phone or tablet)

Software

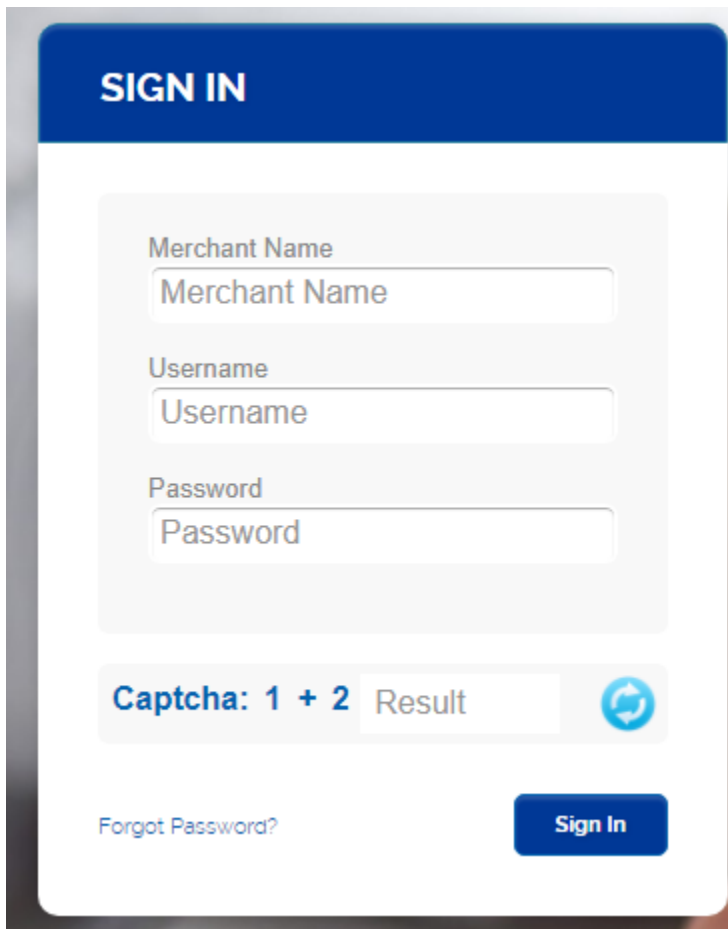

- Any modern and updated web browser
- PDF Reader
- Spreadsheet to view reports exported in csv/xls format (MS Excel, Open office Calc, MacOS numbers, Google Sheets)

4 Implementation – Actions

4.1 Log In

Step 1: Log into the 'epay by link' Merchant Account: <https://www.epaybylink.com>

Step 2: Enter the credentials below using the New Account email that you receive from administrator@pure-payment.com

4.2 Department Creation

The creation of a department is necessary to be able to proceed with the creation of an 'epay by link'.

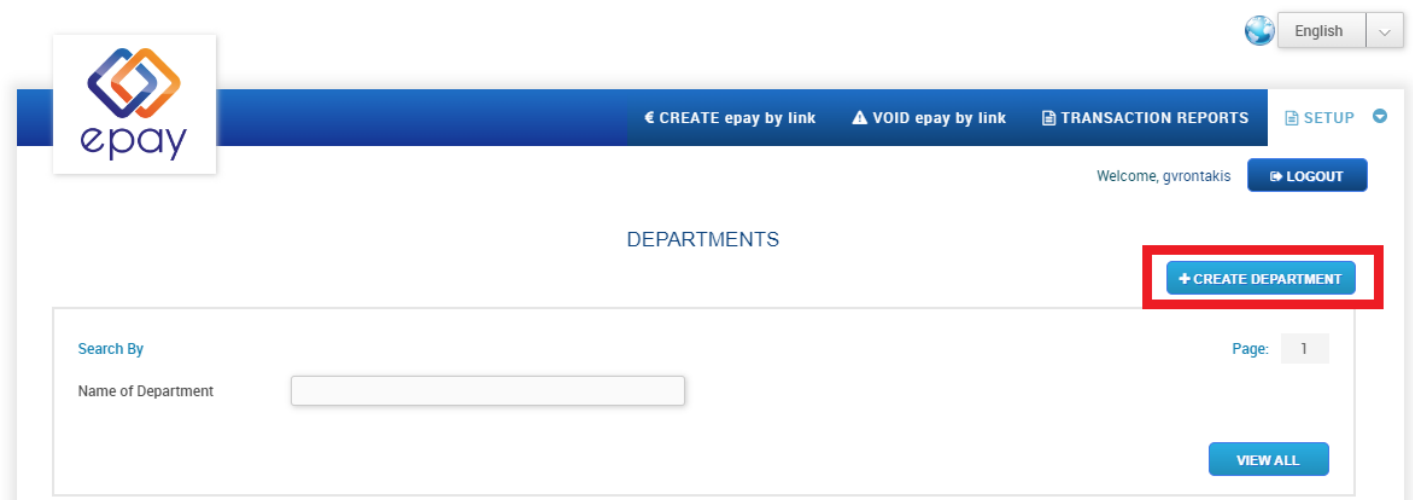

If your organization has more than one department using 'epay by link', this function can be used to manage the access control for individuals if required.

Step 1: Select “**SETUP**” tab

Step 2: Select “**DEPARTMENTS**”

Step 3: Click on “**+CREATE DEPARTMENT**”

Step 4: Enter the “**Department Name**” and click “**Create**”

CREATE DEPARTMENT

*

 Name

Create

Cancel

Name	No. of Users	Create Date	Actions
ONLINESERVICES	3	2023-02-16 03:00:00	Update Delete

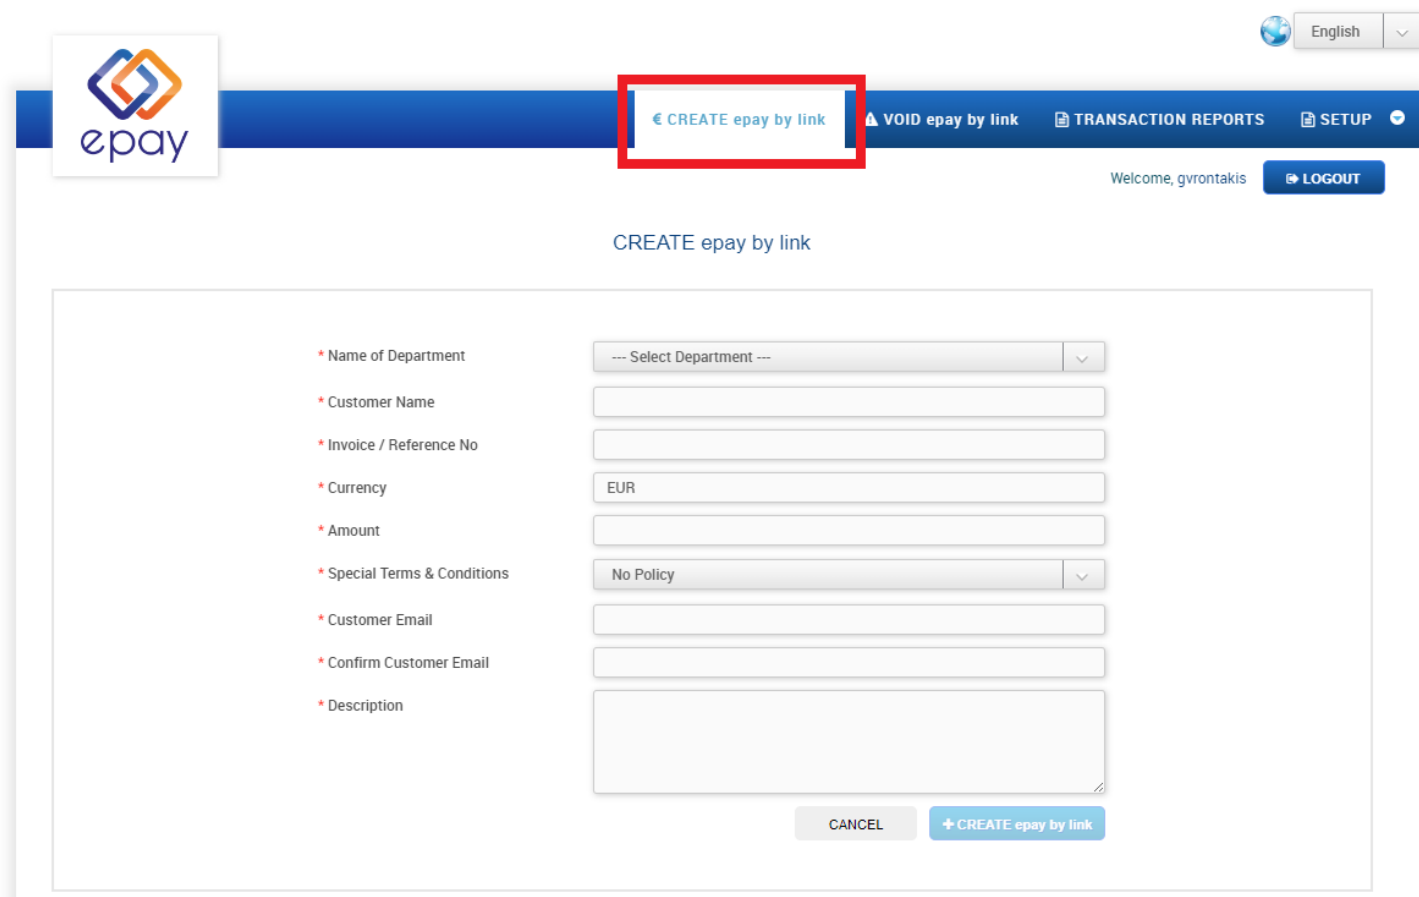

Once completed, the department will be reflected as shown above

Step 5: To create additional departments, repeat the steps above.

4.3 Create 'epay by link'

This function is used to create an 'epay by link' to be sent to the customer for payment.

Step 1: Click on “CREATE 'EPAY BY LINK'” Tab

The screenshot displays the epay system's user interface. At the top, a blue navigation bar contains the epay logo on the left and several menu items on the right: "€ CREATE epay by link" (highlighted with a red rectangle), "VOID epay by link", "TRANSACTION REPORTS", and "SETUP". In the top right corner, there is a language selector set to "English" and a "LOGOUT" button. Below the navigation bar, the main content area is titled "CREATE epay by link". It features a form with the following fields and options:

- * Name of Department: A dropdown menu showing "-- Select Department --".
- * Customer Name: A text input field.
- * Invoice / Reference No: A text input field.
- * Currency: A text input field containing "EUR".
- * Amount: A text input field.
- * Special Terms & Conditions: A dropdown menu showing "No Policy".
- * Customer Email: A text input field.
- * Confirm Customer Email: A text input field.
- * Description: A large text area for additional details.

At the bottom right of the form, there are two buttons: a grey "CANCEL" button and a blue "+ CREATE epay by link" button.

Step 2: Fill in the Create 'epay by link' form based on the description of the field below.

CREATE epay by link

COPY LINK

EMAIL LINK

Step 4: Click on “**EMAIL LINK**” to send ‘epay by link’ to Customer.

Step 5: If you choose to send your own email to the Customer, you may use “**COPY LINK**” to copy and paste the ‘epay by link’.

Step 6: To create a new payment link without exiting the page, you may click on “**CREATE NEW PAYMENT LINK**” and a new ‘epay by link’ form will be created. Repeat the process from Step 2

Note:

Please note the ‘epay by link’ URL is valid only for 24 hours upon creation. If the customer has not made payment after 24 hours, the URL will expire. Please re-create the link using the re-create function under ‘**epay by link**’ > **Transaction Reports** > “**Recreate**” function if you wish to generate a new URL for the customer using the same invoice number for this expired link. You will see this function “Recreate” appear for links that have expired or were voided. If a new invoice number is required, please create a new ‘epay by link’.

4.4 Create “Preauthorization” link

This function is used to create a preauthorization link to be sent to the customer for amount reservation.

Step 1: Click on “CREATE ‘epay by link’ Tab

The screenshot displays the epay system's 'TRANSACTION REPORTS' interface. The top navigation bar includes the epay logo, a language dropdown set to 'English', and several tabs: '€ CREATE epay by link' (highlighted with a red box), 'VOID epay by link', 'TRANSACTION REPORTS', and 'SETUP'. Below the navigation bar, a welcome message 'Welcome, gvrontakis' and a 'LOGOUT' button are visible. The main content area is titled 'TRANSACTION REPORTS' and features a search filter section. This section includes input fields for 'Customer Name', 'Amount', 'Payment Type' (with a dropdown menu), 'Card Type' (with a dropdown menu), 'Invoice / Reference No', 'User', 'Status' (with a dropdown menu), 'Department' (with a dropdown menu), 'Created Date From' (with a date picker), 'Created Date To' (with a date picker), 'Transaction Date From', and 'Transaction Date To' (with a date picker). There are also checkboxes for 'Show All Columns' and 'Page: 1'. At the bottom right of the search filter section, there are buttons for 'VIEW ALL', 'RESET', and 'EXPORT DATA'.

Step 2: Fill in the Create 'epay by link' form based on the description of the field below.

The screenshot shows the 'CREATE ePAY by link' form in the ePAY system. The form is titled 'CREATE ePAY by link' and is located in the center of the page. The form contains the following fields and values:

- * Name of Department: SALES
- * Customer Name: Ricardo Cardoso
- * Invoice / Reference No: 14529876gr
- * Currency: EUR
- * Amount: 150
- * Special Terms & Conditions: Terms and Conditions:
- * Customer Email: rcardoso@gmeltest.es
- * Confirm Customer Email: rcardoso@gmeltest.es
- * Description: Services

At the bottom of the form, there are three buttons: 'CANCEL', '+ CREATE PREAUTH LINK' (highlighted with a red box), and '+ CREATE SALE LINK'.

Form Field	Type	Description
Name of Department	Dropdown	This is the selection of list of departments provided during the account opening. The selection of the departments is determined by the access control list provided during the opening of the merchant account. If there is no department, merchant name will be displayed.
Customer Name	Name (alphanumeric)	Name of the customer placing the order.
Invoice / Reference No	Single Line Text (Unique Identifier, alphanumeric)	This is the merchant's invoice number of the order. Please note this field is unique. Merchant may use their own values for the invoice number / reference no.
Currency	Single Line Text (fixed)	This is the currency of the transaction. Euros is the default and only currency for this setup.
Amount	Number	This is the transaction amount of the order.
Special Terms & Condition	Dropdown	This is selection of the Special Terms & Condition defined by the Merchant during the opening of the merchant account. *Note: If there is no Special Terms & Condition required for the customer payment terms during the merchant account opening, this field will not be displayed.
Customer Email	Email	This is the email of the customer where the 'epay by link', transaction receipts will be sent.
Confirm Customer Email	Email	This is the email of the customer where the 'epay by link', transaction receipts will be sent.
Description	Paragraph Text (alphanumeric)	This the description of the order that is being placed.

Step 3: Once completed, click on «+ **CREATE PREAUTH LINK** » to create a preauthorization link.

The screenshot displays the ePay web application interface. At the top, there is a navigation bar with the ePay logo on the left and several menu items: '€ CREATE epay by link', '⚠ VOID epay by link', '📄 TRANSACTION REPORTS', and '⚙ SETUP'. A language selector shows 'English'. Below the navigation bar, a user greeting 'Welcome, gvrontakis' and a 'LOGOUT' button are visible.

The main content area is titled 'CREATE epay by link'. It features a green success message: 'epay by link has been created successfully.' Below this is a form with the following fields:

- * Name of Department: SALES (dropdown menu)
- * Customer Name: Ricardo Cardoso
- * Invoice / Reference No: 14529876gr-250605134112
- * Currency: EUR
- * Amount: 150
- * Special Terms & Conditions: Terms and Conditions: (dropdown menu)
- * Customer Email: rcardoso@gmeltest.es
- * Confirm Customer Email: rcardoso@gmeltest.es
- * Description: Services

Below the form, the 'Payment Link' is displayed in a text box: <https://TESTEMSMERCHANT.epaybylink.com/#!/paymentlink/235acb9ebe69b1b210a3fd2c48060cc4>. At the bottom of the form area, there are three buttons: 'CREATE NEW LINK', 'COPY LINK', and 'EMAIL LINK'.

Step 4: Click on “**EMAIL LINK**” to send the preauthorization link to Customer.

Step 5: If you choose to send your own email to the Customer, you may use “**COPY LINK**” to copy and paste the ‘preauthorization link’.

Step 6: To create a new payment link without exiting the page, you may click on “**CREATE NEW LINK**” and a new ‘epay by link’ form will be created. Repeat the process from Step 2

Notes :

- Preauthorization is available under certain conditions. Communication and approval from Euronet Merchant Services are required if the customer is interested in using this type of transaction.
- Please note that preauthorization is a transaction that only reserves an amount. The merchant must finalize the preauthorization through the epay eCommerce AdminTool to complete the transaction."
- Preauthorization lasts 30 days
- Please note the ‘epay by link’ URL is valid only for 24 hours upon creation. If the customer has not made payment after 24 hours, the URL will expire. Please re-create the link using the re-create function under ‘**epay by link**’ > **Transaction Reports** > “**Recreate**” function if you wish to generate a new URL for the customer using the same invoice number for this expired link. You will see this function “Recreate” appear for links that have expired or were voided. If a new invoice number is required, please create a new “epay by link”

Items per page: 10

Payment Type	Invoice / Reference No	Create Date	Amount	Transaction Date	Status	Auth Code	Created epay by link	Actions
Sale	hjk12-250425093837	2025-04-25 09:38:38 +03:00 (Fri)	EUR 5.00		Expired		View link	View Recreate

4.5 Void 'epay by link'

This function is to cancel an 'epay by link' that has not been paid. Examples of scenarios when this will be used e.g. When a wrong amount has been entered or payment link details has been made are wrong on the existing payment link and can no longer be used. Merchant can "void" the relevant 'epay by link' to prevent any further payment action on this link that is no longer required.

Step 1: Click on "VOID 'EPAY BY LINK'" Tab

The screenshot shows the epay system interface. The top navigation bar has a red box around the "VOID epay by link" tab. The main content area is titled "VOID epay by link". It features a search section with filters for Customer Name, Amount, Created Date From, and Created Date To. Below the search section is a table with columns: Name, Create Date, Invoice / Reference No, Currency, and Amount. The table contains two rows of test data. At the bottom right, there is a "VOID" button.

Name	Create Date	Invoice / Reference No	Currency	Amount
test test	2023-10-20 10:14:19	3243542	EUR	3.00
test test	2023-10-20 09:57:08	123456789	EUR	3.00

Step 2: You may use filters for the search.

This screenshot shows the search filters section of the epay system interface. It includes input fields for Customer Name, Amount, Created Date From, and Created Date To. A "VIEW ALL" button is located at the bottom right.

Filter	Description
Customer Name	Search by the name of the customer placing the order.
Invoice / Reference No	Search by the invoice number of the order.
Amount	Search by the transaction amount of the order.
Created Date Range	Search by 'epay by link' creation dates

Step 3: Click on “VOID” to void the payment link

	Name	Create Date	Invoice / Reference No	Currency	Amount
<input checked="" type="checkbox"/>	test test	2023-10-20 10:14:19	3243542	EUR	3.00
<input type="checkbox"/>	test test	2023-10-20 09:57:08	123456789	EUR	3.00

4.7 User Account Creation and Maintenance

This function is to allow the users to create departments and users and manage the access control for individual users.

Following are the user roles and responsibilities:

Note: To create a new Master User please contact Euronet Merchant Services.

	Create 'epay by link'	Void 'epay by link'	View Transaction Reports	Create, Delete & Update User Account	Create Departments
Master User	√	√	√	√	√
Basic Payment Manager	√	√	√		
Basic			√		
Account Manager				√	

*Note: one user can have more than one role. Example, one user can be both Basic Payment Manager and Account Manager to allow them to create 'epay by link's and create new user accounts.

Department Access: Multiple departments access can be selected and assigned to one user if the user requires access viewing other department's transactions.

4.7.1 User Account Creation

The master account will be pre-created based on the information provided during the opening of the merchant account. If there are more user accounts to be added, you may use these functions to create the accounts at your own time when needed.

Below are the details which you will required before the creation of a user account:

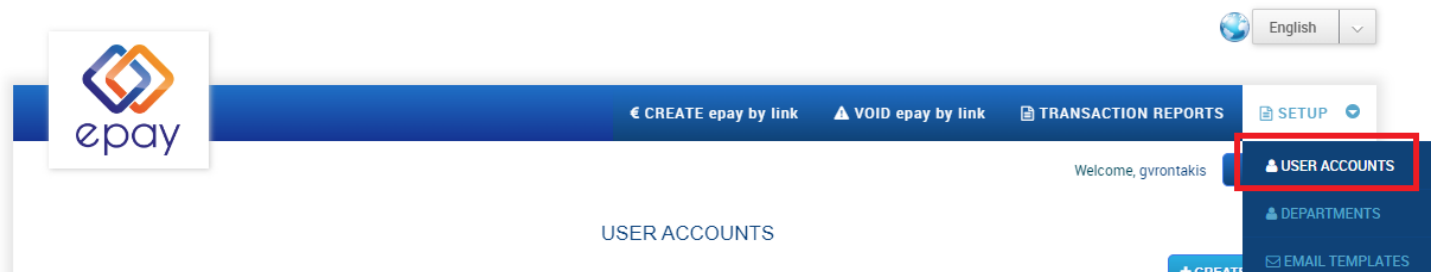

Information	Description
User ID	This will be used for the username for the user's login. This can be defined by the merchant.
Email Address	Merchant User email for password reset feature. This will be displayed in the email templates if needed as well.
Department	Merchant department that the user is in. If there is no department, merchant name will be used.
Contact Name	Name of the Merchant User. This will be displayed in the email templates if needed as well.

Contact Number	Contact number of the Merchant User.
Department	Department that the Merchant User belongs to.
Department Access	'epay by link's / transactions of the Department(s) that the Merchant User will be allowed to view and access.
Access Role	<p>Please refer to the roles and the functions at the start of this section for information.</p> <ul style="list-style-type: none"> • Master User • Basic Payment Manager • Basic • Account Manager <p>*Note: one user can have more than one role. Example, one user can be both Basic Payment Manager and Account Manager to allow them to create 'epay by link's and create new user accounts.</p>

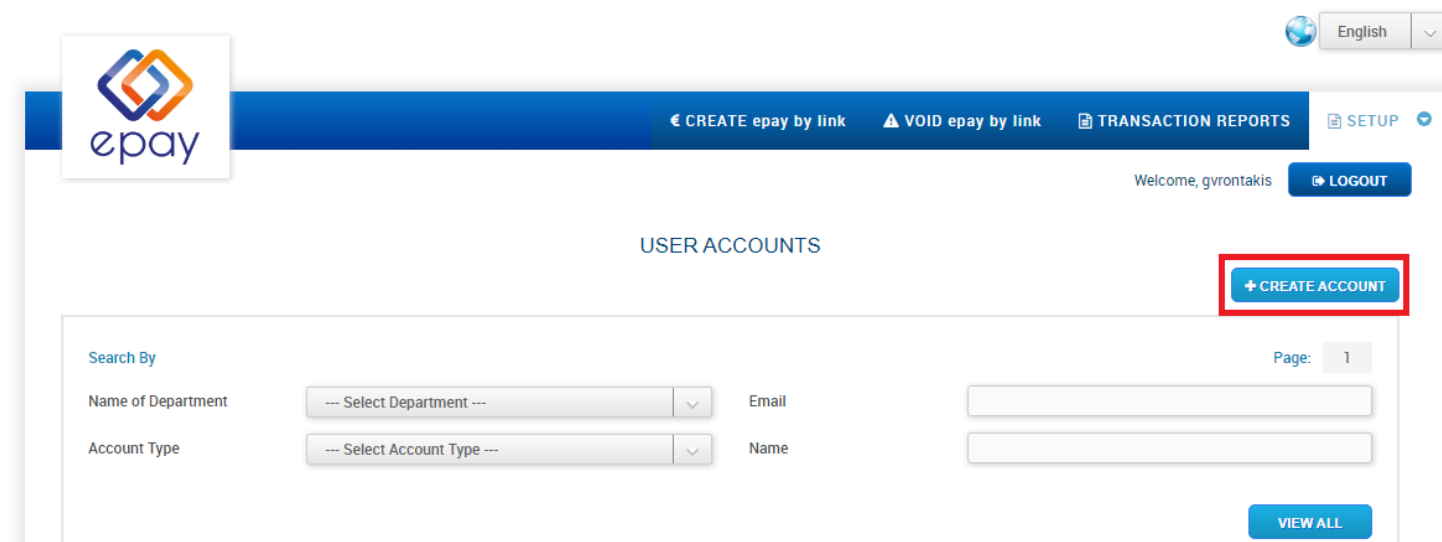

Once the details above have been gathered, please proceed to add the user accounts using the steps below.

Step 1: Select **"SETUP"** tab

Step 2: Select **"USER ACCOUNTS"**

Step 3: Click "+CREATE ACCOUNT"

Step 4: Enter **User Details** as stated in User List

5 Cardholder Payment

The customer will need to perform the following actions before they will be able to proceed with the payment:

1. Agree to the Terms and Conditions
2. Agree to the Special Terms and Conditions (this is an optional feature the Merchant can select during merchant account opening)
3. Enter Shipping / Billing information
4. Enter credit card information for final payment.

On the following pages are the screens that appear when making the payment.

6 Common Troubleshooting Tips

User Account Access Issues

If you are encountering account log in errors, please use the “Forget Password” function on the Log In page to reset your password and try again. Please ensure you reset your password within 24 hours of receiving the reset password link. Otherwise, please repeat the “Forget Password” process to reset your password again.

Request Categories and Resolution Actions:

SN	Issue / Request	Resolution	Responsibility
1	Add / update / remove Basic, Basic Payment Manager, Account Manager accounts	This can be done via ‘epay by link’ > “SETUP” tab > “USER ACCOUNTS” *Note: only users with Account Manager role can perform this function.	Merchant (‘epay by link’ Account Manager Role)
2	Add / update / remove Master User	Please contact Euronet Merchant Services.	Euronet Merchant Services
3	Update Merchant Logo / Background Logo	Please contact Euronet Merchant Services.	Euronet Merchant Services
4	Unable to find log in email for the first time	Please contact Euronet Merchant Services with email and contact name that was submitted during account opening.	Euronet Merchant Services
5	Forget password	Please click “Forget Password” on the log in screen and follow the relevant instructions on screen.	Merchant
6	Account Log In Error	If the number of tries has exceeded, please click “Forget Password” on the log in screen and follow the relevant instructions on screen.	Merchant
7	Website Connectivity Issue	Please refresh the page and try again 5 minutes later. If the issue persists, please contact Euronet Merchant Services.	Merchant / Euronet Merchant Services
8	Refund	Refund is not supported on ‘epay by link’ platform. Refunds to be performed via epay eCommerce portal.	Euronet Merchant Services
9	Email Template Modification	Please contact Euronet Merchant Services.	Euronet Merchant Services
10	Special Terms & Conditions Update (if applicable)	Please prepare the updated text of the Special Terms & Conditions for the update and contact Euronet Merchant Services for the changes.	Euronet Merchant Services
11	Add a logo [Optional]	Send a business logo icon, resolution 113x93. Supported file types : jpg, png, gif.	Euronet Merchant Services

12	Add a background [Optional]	Send a background image, resolution 1400x768. Supported file types : jpg, png, gif.	Euronet Merchant Services
----	-----------------------------	---	---------------------------
